

QuietCall silently informs service customers when their vehicle is ready, freeing them to shop or relax in the waiting room.

Enhance Customer Service, Generate More Revenue

Improve your customers' experience while they wait for their vehicle to be serviced with QuietCall paging system.

QuietCall notifies customers with a flash, beep or vibrate the instant their vehicle is ready. Eliminate long lines or noisy overhead systems for your customers. With QuietCall, your staff can also communicate quietly and effectively with each other to stay current on a customer's service status.

QuietCall helps you be more profitable by increasing add-on sales and improving the customer experience. Lightweight, convenient pagers free customers to visit the showroom, customer lounge or waiting room for a more relaxing experience. With QuietCall, your staff will deliver faster, smoother, more customer-friendly service.

QuietCall Highlights

- ✓ **Customer Friendly Paging**
Serves customers more efficiently, creates a friendlier ambiance and increases sales.
- ✓ **Anti-Theft Feature**
Minimizes pager loss with an out-of-range alert.
- ✓ **Most Reliable Pagers**
Are made from highquality parts for the best performance in the industry.
- ✓ **User-Replaceable**
- ✓ **Rechargeable Batteries**
Battery replacement is easy and convenient, keeping the cost of ownership down.
- ✓ **Staff Communications**
Keeps staff informed about customers' status and allows staff to communicate effectively with each other.
- ✓ **Smart Charging**
Dramatically extends the life of pager batteries without overcharging them.
- ✓ **Unique System ID**
Prevents neighboring paging systems from interfering with your communication.
- ✓ **PC Paging Integration**
Add PC paging to this System for expanded Communications with staff and clients.
