

Pharmacy Paging System

Good Customer Care is Good for Business

Protect your customers' privacy and turn their waiting experience into a pleasant one with QuietCall pharmacy paging system. QuietCall silently notifies customers with a flash, beep or vibrate the instant their prescription is ready. You can call waiting customers back to the pharmacy for further consultation. No long lines, agitated customers or noisy overhead systems to worry about.

QuietCall also helps you increase retail sales. Lightweight, convenient pagers free customers to shop and spend more during the wait. With QuietCall, your staff will deliver more efficient and customer-friendly service than ever before. Your customers will appreciate a secured, quieter, more enjoyable experience.

QuietCall silently notifies customers when their prescription is ready, freeing customers to shop while they wait.

QuietCall Highlights

✓ Customer Friendly Paging

Serves customers more efficiently, creates a friendlier ambiance and increases sales.

✓ Anti-Theft Feature

Minimizes pager loss with an out-of-range alert.

✓ Most Reliable Pagers

Are made from high quality parts for the best performance in the industry.

✓ User-Replaceable

Rechargeable Batteries
Battery replacement is easy and convenient, keeping the cost of ownership down.

✓ Staff Communications

Keeps staff informed about customers' status and allows staff to communicate effectively with each other.

✓ Smart Charging

Dramatically extends the life of pager batteries without overcharging them.

✓ Unique System ID

Prevents neighboring paging systems from interfering with your communication.
